Hazardous (RoHS) Material Certification Table
Other Components

Supplier Name: ASIA LINK **DATE: October 25, 2005**

Note: Columns C, D, E, F, G and H should be marked with a "Y" to signify compliance to the stated maximum and a "N" to signify non-compliance. Non-compliance requires the completion of column I to indicate the parts per million levels of any of these restricted substances.

A	B	B1	B2	C	D	E	F	G	H	I	J
				The components listed below contain concentration levels less than 0.1% by weight (1000 ppm) of lead, hexavalent chromium, mercury, polybrominated biphenyls (PBB) or polybrominated biphenyl ethers (PBDE) and concentration levels less than 0.01% by weight (100 ppm) of cadmium in each homogeneous material used in its construction.							
Customer Purchased Part Number	**Item Description**	**Revision**	**Asia Link Part Number**	**Lead**	**Hexavalent Chromium**	**Mercury**	**Cadmium**	**Polybrominated Biphenyls (PBB)**	**Polybrominated Biphenyl Ethers (PBDE)**	**Detailed information for any "no" responses including material and quantity in PPM.**	**If not currently RoHS compliant when do you expect to have a RoHS complaint component/assembly available?**
